

Giving feedback with PICCOLO

Plan your feedback on two PICCOLO behaviors that you scored as “clearly” (2).

	PICCOLO behavior strength #1	PICCOLO behavior strength #2
Domain, item #, & item label		
Words to describe what the parent did for this item		
Words to describe how the child responded		
Words to say how it helps the child’s development in ways that matter to parent		

Choose one of these behaviors to describe in a feedback message to the parent:

"When I watched the video, I noticed that you [***what the parent did***], and that’s [***PICCOLO item#, label***] in the [***PICCOLO domain name***] domain and I noticed [***how the child responded***] and that helps your child’s development because [***how it helps the child’s development***]. Let’s talk about other times when you do these things and how you might be able to do them more often."

To the parent:

When I watched the video, I noticed that you _____
 and that’s item # _____, “ _____ ” in the _____ domain.
 I noticed that your child _____.
 And that helps your child’s development because _____
 _____.

Let’s talk about other times when you do these things and how you might be able to do them more often.
